SOLICITATION/AWARD

A.0 Introduction

Hanford Mission Integration Solutions, LLC. (hereby HMIS, “Contractor” or “Buyer”) acting under its contract with the U.S. Department of Energy – Richland Operations Office (DOE-RL) located in Richland, WA, requests Offeror to submit a proposal for a Time & Material type of subcontract to provide **ESF#12 Emergency Responder / CIRT Member (As Needed)**.

A.1 Buyer Not Obligated- Irregularities and Notifications

Buyer is not obligated to pay any costs incurred in the preparation and submission of Offeror’s proposal, nor required to enter into a subcontract or any other arrangement with Offeror.

A.2 Solicitation Amendments

The Contract Specialist may issue one or more amendments to the solicitation to make changes or to resolve any problems regarding the solicitation. The Contract Specialist will issue the amendment in time for prospective Offerors to incorporate any changes into their proposals. If this solicitation is amended, then all terms and conditions that are not amended will remain unchanged. **FAILURE TO ACKNOWLEDGE THE RECEIPT OF THE AMENDMENT AT THE DESIGNATED LOCATION BY THE SPECIFIED DATE AND TIME MAY RESULT IN REJECTION OF THE OFFER.**

A.3 Proposal Submittal

The proposal is due by 2/17/2022 3:00 PM

The proposal shall be submitted via e-mail provided that it includes appropriate signatures where required.

NOTE: *Communications with any HMIS personnel except the above named Contract Specialist concerning any aspect of this Solicitation may be grounds for disqualifying an Offeror from being considered for award.*

A.4 Late Proposals

A proposal is considered late if it is received after the exact time and date specified for receipt and will not be considered unless:

- a. It was sent by telephone or fax, if authorized by the Contract Specialist, and it is determined that the late receipt was due solely to mishandling upon receipt; or
- b. It is the only proposal received.

A.5 Proposal Changes

Any modification of a proposal, including the Contract Specialist’s request for “Best and Final Offer,” is subject to the same conditions as in the “Late Proposals” section above.

A.6 Withdrawal

Offeror may withdraw its proposal by written or electronic notice received at any time prior to award.

A.7 North American Industry Classification System (NAICS) Code and Size Standard

The Contract Specialist has determined that North American Industry Classification System (“NAICS”) Code 541690 applies to this acquisition. Therefore, the size standard for determining whether an Offeror is a small business in regard to this acquisition is \$16,500,000.00.

If this solicitation is designated as a small business set-aside, by submitting a proposal or an offer to this solicitation, the Offeror certifies that they are a small business qualifying for the NAICS code and meeting the size standard noted above.

By submitting a proposal for this solicitation, Offeror agrees to indemnify, defend, and hold harmless Buyer for any and all liability, loss, damages, penalties, claims, costs, and expenses, including attorney fees and costs of legal action, litigation, or settlement, arising from or relating to Offeror’s misrepresentation of its business size or status, regardless of whether Offeror’s misrepresentation was willful, intentional, or knowing.

A.8 Questions/Comments Regarding the Solicitation

The Offeror must submit any comments or questions regarding the solicitation to the Contract Specialist no later than 2/10/2022 3:00 PM. The Contract Specialist will answer all questions in writing for the benefit of all prospective Offerors.

B.0 Basis for Award

HMIS may award one or more subcontracts as a result of this solicitation. Award will be made to the Offeror who is considered to be the overall Best Value to the government. This solicitation provides the basis for HMIS evaluation. Offerors are also advised that HMIS reserves the right to award a subcontract based upon initial offers and without further discussions with Offerors. Offeror should provide their best price and technical offers initially.

B.1 Basis of Award- Tradeoff Selection Process

Award may be made to the Offeror submitting the best proposal in which both cost/price and other specifically defined factors will be the basis of award. Proposals will be evaluated to determine the response that provides the best value to Buyer and the Government, considering cost/price and technical criteria; with technical rated higher than cost/price.

For evaluation purposes, the combined Technical Evaluation is as follows:

- Minimum of ten years performing similar duties as described in the Statement of Work
- Extensive knowledge of the energy sector and the ability to conduct damage assessment of energy sector (i.e., power grid) components

C.0 Proposal Instructions

Follow the described proposal instructions.

C.1 Proposal Preparation

Prepare the proposal simply and economically and provide a straightforward and concise presentation of the information requested in the Request for Proposal. Emphasize completeness and clarity. Do not submit elaborate brochures or other presentations that are neither required nor desired by the HMIS.

If the Offeror submits any data which it considers proprietary data as part of its proposal, the document transmitting the data or which contains the data, shall be boldly marked indicating that the data included is considered proprietary.

C.2 Proposal Content

Proposals shall include the following elements and be organized in the manner listed below. Each volume of the proposal should be separate and complete. Omit all cost or pricing details from the technical proposal.

C.2.1 Volume I Technical Proposal Requirements

HMIS will evaluate Offeror's technical capabilities/qualifications, as well as its pricing for the requirements as specified in the Statement of Work. Offeror's proposal must address the following:

- An acknowledgement that the Statement of Work is fully understood, and that the Offeror has resources qualified to perform the work.
- Resumes of proposed Key Personnel.

C.2.2 Volume II Required Price Support Information

The Offeror is required to submit information sufficient to determine that the prices or costs being charged are fair and reasonable. Such information may include pricing, sales, or cost information that is pertinent to establishing the pricing or costs being charged.

The Offeror grants the Buyer or its authorized representative(s) the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify the reasonableness of the price. For items priced using catalog or market prices, or law and regulation, access does not extend to cost or profit information or other data relevant solely to the Offeror's determination of the prices to be offered in the catalog or marketplace.

Any Subcontract that results from this Solicitation will be determined by the price the Offeror pays for material (without profit applied) plus fully burdened hourly labor rates, multiplied times the number of hours worked. Upon mutual agreement, this schedule of costs and rates will be the basis for pricing on any resulting Subcontract.

C.2.3 Volume III Pricing Backup

Upon Buyer's determination of a successful Offeror, Buyer will request audited company financial reports for the previous three (3) year period, including balance sheets and income statements. The successful Offeror shall provide such information within 48 hours of the request.

In the event audited company financial reports are not consistent with the Offeror's customary accounting practice and in the absence of certified statements, the Buyer may request the following, listed in order of preference:

1. Parent guarantee;
2. Bond;
3. Irrevocable letter of credit;
4. Submission of uncertified financial statements, which shall be certified as being accurate and complete by an agent of Offeror's company, which may be subject to HMIS verification with the Internal Revenue Service (IRS).

If the selected successful Offeror is unable to provide the information required within the time frame identified or if the Buyer is unable to determine the successful Offeror as financially responsible for award of the Subcontract, Buyer, in its sole determination, may select another successful Offeror for the award.

C.3 Request for Schedule of Cost and Rates

This is not a request for cost or pricing data, but notification to all Offerors that this information may be required prior to award unless the Subcontract is determined by the Buyer to be exempt from the requirements of 10 USC 2306(a).

C.4 Itemized Labor and Material Cost

Any Subcontract that results from this Solicitation will be determined by the price the Offeror pays for material (without profit applied) plus fully burdened hourly labor rates, multiplied times the number of hours worked. Upon mutual agreement, this schedule of costs and rates will be the basis for pricing on any resulting Subcontract.

C.5 Requirements for Supporting Price Information or Certified Cost or Pricing Data

The Offeror is required to submit certified cost or pricing data in support of the proposal, unless exempted by the Buyer under FAR 15.403-1.

In lieu of submitting certified cost or pricing data, Offerors may submit a written request for exception by submitting the information described in the following paragraphs. The Buyer may require additional supporting information, to the extent necessary, to determine whether an exception should be granted, and whether the price is fair and reasonable.

1. For items where pricing is controlled, by law or regulation, by periodic rulings, reviews, or similar actions of a governmental body; identify and submit the controlling document establishing the price offered.
2. For a commercial item exception*, the Offeror shall submit, at minimum, information on prices at which the same item or similar items have previously been sold in the commercial market that is adequate for evaluating the reasonableness of the price of this acquisition. Such information may include:
 - a. For catalog items, a copy of or identification of the catalog and its date, or the appropriate pages for the offered items, or a statement that the catalog is on file in the buying office to which the proposal is being submitted. Provide a copy or describe current discount policies and price lists (published or unpublished), e.g., wholesale, original equipment manufacturer, or reseller. Also explain the basis of each offered price and its relationship to the established catalog price, including how the proposed price relates to the price of recent sales in quantities similar to the proposed quantities.
 - b. For market-priced items, the source and date or period of the market quotation or other basis for market price, the base amount, and applicable discounts. In addition, describe the nature of the market.
 - c. For items included on an active Federal Supply Service Multiple Award Schedule contract, proof that an exception has been granted for the schedule item.
3. Additional supporting information, to the extent necessary to determine whether the price is fair and reasonable.

Requirements for certified cost or pricing data.

4. If the Offeror is not granted an exception from the requirement to submit cost or pricing data, the following applies:
 - a. The Offeror shall prepare and submit cost or pricing data and supporting attachments in accordance with Table 15-2 of FAR 15.408.
 - b. As soon as practicable after agreement on price but before Subcontract award (except for unpriced actions such as letter Subcontracts), the Offeror shall submit a Certificate of Current Cost or Pricing Data, as prescribed by FAR 15.406-2.

5. Subcontract requirements for certified cost or pricing data. If the Offeror intends to issue a subcontract in performance of this requirement and it is expected to exceed the threshold for the submission of cost or pricing data at FAR 15.403-4, the subcontractor is subject to the above requirements.

The Offeror grants the Buyer or an authorized representative the right to examine, at any time before award, books, records, documents, or other directly pertinent records to verify any request for an exception under this provision and the reasonableness of price. For items priced using catalog or market prices, or law or regulation, access does not extend to cost or profit information or other data relevant solely to the Offeror's determination of the prices to be offered in the catalog or marketplace.

**See [FAR 2.101](#) for definition of "commercial."

C.6 Evaluation of Options

Except when it is determined not to be in HMIS' best interest, HMIS evaluates offers for award purposes by adding the total price for all options to the total price for the basic requirements. Evaluation of options will not obligate HMIS to exercise the option(s).

HMIS analyzes bids to determine whether prices are unbalanced and may reject a proposal offer as nonresponsive if it determines that the proposal is materially unbalanced. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more line items is significantly over or understated as indicated by the application of cost or price analysis techniques.

C.7 Representations and Certifications

HMIS relies upon Offeror's current representations and certifications within a Federal web-based system, the System for Award Management (SAM), that centralizes and standardizes the collection, storage and viewing of many of the representations and certifications required by the Federal Acquisition Regulations.

By submitting a proposal to HMIS in response to this solicitation, the Offeror is certifying that:

1. The representation and certification information in SAM is accurate and complete as of the date of the offer.
2. All statements and explanatory documentation submitted are current and accurate.
3. Offeror complies with all requirements of State of Washington statutes, ordinances, rules and regulations, codes, and orders related to equal employment opportunity and operation of non-segregated facilities.
4. All Offeror employees who may work on HMIS premises or on the Hanford Site are not under the influence of controlled substances, drugs, or alcohol. Offeror agrees to the testing of assigned employees under HMIS program for controlled substances.
5. Offeror's information in the Buyer registration system is current, accurate and complete and is no greater than 12 months old.
6. Offeror will update its information in SAM on at least an annual basis.

C.8 Anti-kickback Certifications

By submitting a proposal response to this solicitation, the Offeror certifies that it has not:

1. Provided, attempted to provide, or offered to provide, any kickback.
2. Has not solicited, accepted, or attempted to accept any kickback.

3. Included, directly or indirectly, the amount of any kickback, in the Subcontract price proposed by the Offeror to the Buyer. (For definition of the term kickback, see 41 U.S.C. § 8701(2), Title 41 U.S.C. Chapter 87, Sections 701 and 8702).

By submitting a proposal in response to this solicitation, Offeror agrees to indemnify, defend, and hold harmless Buyer for any and all liability, loss, damages, penalties, claims, costs, and expenses, including attorney fees and costs of legal action, litigation, or settlement, arising from or relating to Offeror's failure to certify or false certification of compliance with any requirements of this Section, regardless of whether the failure or false certification was willful, intentional, or knowing.

C.9 Employment Eligibility Verification (E-Verify)

HMIS anticipates that this award will be subject to the Employment Eligibility Verification requirements established in Federal Acquisition Regulations (FAR) clause 52.222-54, which requires the successful Offeror to enroll and utilize the E-Verify program. Enrollment is completed via the Internet at the Department of Homeland Security Web site at <http://www.dhs.gov/E-Verify>. This requirement is applicable to awards with a value greater than \$3,500 and considered commercial or noncommercial Services (except for commercial Services that are part of the purchase of a Commercial Off the Shelf (COTS) item (or an item that would be a COTS item, but for minor modifications) performed by the COTS provider and are normally provided for that COTS item) or Construction. Subcontractors who are only suppliers are not subject to E-Verify.

Buyer reserves the right, prior to award, to require Offeror to submit information which Buyer will use to make a determination whether Offeror has successfully enrolled in the E-Verify program. Such information may include a copy of the last three (3) pages of the enrollment form (i.e., pages 11, 12, and 13) and any other information that may be required to make the appropriate determination. Offeror agrees to promptly provide such information upon request and prior to award. If Buyer requests such information, award shall be conditioned on Offeror's submission of information Buyer deems acceptable.

By submitting a proposal in response to this solicitation, Offeror agrees to indemnify, defend, and hold harmless Buyer for any and all liability, loss, damages, penalties, claims, costs, and expenses, including attorney fees and costs of legal action, litigation, or settlement, arising from or relating to Offeror's failure to certify or false certification of compliance with any requirements of this Section, regardless of whether the failure or false certification was willful, intentional, or knowing.

C.10 Additional Information

In order for HMIS to adequately evaluate the proposal, some additional information is required. Please complete and return all forms and documents listed in Exhibits of this solicitation.

C.11 Acceptance of Terms and Conditions and Technical Requirements

The subcontract resulting from this Solicitation will be substantially the same as the draft Subcontract that is contained in this Solicitation. Offeror must describe any exceptions (on the Agreement Exceptions form of this Solicitation) to the terms and conditions and technical requirements. HMIS considers compliance with the terms and conditions and technical requirements of the Subcontract to be essential. In case of doubt, Offeror should request clarification from the Contract Specialist. If any exceptions are taken to the terms and conditions and/or technical requirements of the Solicitation, the pricing shall be based on the requirements of the Solicitation and the exception(s) priced as alternates. If the proposal is based only on the proposed exceptions, HMIS may determine the proposal to be non-responsive.

Unless otherwise noted in the proposal, Offeror's submission of a proposal signifies unqualified acceptance of all of the terms and conditions and technical requirements of the Subcontract that are contained in or referenced in this Solicitation.

C.12 Proposal Validity Period

Offeror's proposal shall remain firm for 90 days after the proposal due date.

D.0 Notices

In order for HMIS to adequately evaluate the proposal, some additional information is required. Please complete and return all forms and documents listed in Notices of this solicitation.

D.1 Financial Capability Determination Information

HMIS reserves the right, prior to award, to require Offeror to submit information which HMIS will use to make a determination whether Offeror has the financial capability to perform the contemplated subcontract. Such information may include, but not be limited to: annual reports; lines of credit with financial institutions and suppliers; and any other information that may be required to make the appropriate determination.

D.2 Foreign Nationals

If the Offeror intends to propose any foreign national (non-US citizen) personnel, that information must be a part of the Offeror's proposal. They will be processed in accordance with HMIS Unclassified Visits and Assignments by Foreign Nationals procedures prior to commencement of the work. This process could add lead-time from a few days up to several weeks depending on the country of origin, Hanford facilities they will access, and the subject matter involved.

Exhibit 009 – Organizational Conflict of Interest Disclosure Statement

It is Hanford Mission Integration Solutions, LLC (HMIS or Buyer) policy to avoid situations, which place an Offeror in a position wherein it may not be able to compete on an equal basis for Buyer's-controlled work with other qualified Offerors. This representation, and the information disclosed thereby, will serve to advise Buyer whether or not an Offeror's judgment may be biased because of any past, present, or currently planned interest, financial or otherwise, the Offeror may have or appear to have which relates to the work to be performed under a subcontract which may result from this solicitation, thus providing the Offeror an unfair competitive advantage over others. The term "Offeror" herein means the proposing entity or any of its affiliates or proposed consultants or Subcontractors of any tier. Therefore:

Offeror shall provide Buyer a statement which describes in a concise manner, all relevant facts concerning any past, present, or currently planned interest (financial, contractual, organizational, or otherwise) relating to the work described in the statement of work of this solicitation. Offeror may also provide relevant facts that show how its organizational structure and/or management systems limit its knowledge of affiliates or other divisions or sections of the proposing entity and how that structure or system would avoid or mitigate an organizational conflict of interest.

Offeror shall assure that any consultants and/or Subcontractors identified in its proposal which will perform part or all of any resulting subcontract submit the same information as required above, either as part of the Offeror's proposal or directly to Buyer, prior to the time and date set forth for the receipt of proposals, including identification of the solicitation number and the (Offeror's) proposal to which it relates.

Offeror shall assure that each of its chief officers or directors, if any, who will be directly involved in the actual performance of the subcontract, submit such information.

Offeror shall promptly provide to Buyer information concerning any changes, including additions, in its relevant facts reported, that occur between the time of submission of its proposal and the award of a subcontract or the time the Offeror is notified that it is no longer being considered for an award.

Buyer will review the information submitted and may require additional relevant information or certifications from the Offeror. All such information, and any other relevant information known to Buyer, will be used to determine whether an award to the Offeror may create an organizational conflict of interest with respect to the Offeror's (1) bias caused by financial, contractual, organizational, or other interests which relate to the work to be performed under the subcontract, resulting in Offeror being unable to render impartial, technically sound, and objective assistance or advice, or (2) obtaining an unfair competitive advantage over other parties. If Buyer determines a conflict exists which would require some action to mitigate an actual or potential conflict of interest that would otherwise represent an unacceptable risk to Buyer, it may, at its sole discretion: (1) impose appropriate terms or conditions necessary to avoid or mitigate the conflict, (2) disqualify the offer, or (3) proceed with an award despite the conflict.

Offeror refusal to submit the representation and/or to provide the disclosure or any additional information requested by Buyer may result in disqualification of the Offeror for an award. Misrepresentation of material facts or other reported information may also result in disqualification. If any such misrepresentation is discovered following award, Buyer may terminate the contract for default or seek other remedies including actions pursuant to 18 U.S.C. 1001.

Depending on the nature of the subcontract activities, Offeror may, because of the existence of possible organizational conflicts of interest, propose to exclude specific kinds of work from the statement of work contained in the original solicitation, unless the solicitation specifically prohibits such exclusion. Any proposed exclusion may be considered by Buyer in the evaluation of proposals, but may ultimately determine the proposal to be unacceptable.

No work shall be performed, and Buyer will not authorize work to begin, until representations and disclosure information has been evaluated. Buyer may also, at its option, permit missing representations or disclosure information to be provided by an Offeror at any time during the pre-award process.

In lieu of or in addition to the above and/or when requested by Buyer, Offeror shall provide a certification similar to the following, altered only to reflect the relevant facts:

ORGANIZATIONAL CONFLICT OF INTEREST DISCLOSURE STATEMENT

I hereby certify that, to the best of my knowledge and belief, no facts exist relevant to any past, present, or currently planned interest or activity (financial, contractual, personal, organizational, or otherwise) that relate to the proposed work; and bear on whether I and the Offeror have a possible conflict of interest with respect to being able to render impartial, technically sound, and objective assistance or advice, or being given unfair competitive advantage.

Subcontractor's Compensation Reporting Guidelines

Upon award of any Subcontractor award of \$30,000 or more, and annually thereafter, UDRI as the prime contractor must report the total compensation and names of the Subcontractor's top five most highly compensated executives if:

- (a) In the Subcontractor's preceding fiscal year, the Subcontractor received:
 - (i) 80% or more of its annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants) and cooperative agreements, and other forms of Federal financial assistance; and
 - (ii) \$25,000,000 or more in annual gross revenues from Federal contracts (and subcontracts), loans, grants (and subgrants) and cooperative agreements, and other forms of Federal financial assistance; and
- (b) The public does not have access to information about the compensation of the executives through period reports filed under section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 USC 78m(a), 78o(d)) or section 6104 of the Internal Revenue Code of 1986.

If a Subcontractor in the previous tax year had gross income from all sources under \$300,000, the prime contractor does not need to report awards for that subcontractor.

This information will be reported through the Federal Funding Accountability and Transparency Act Subaward Reporting System. The public may view first-tier subcontract award data at <http://usaspending.gov>.

Use the dollar amount recognized for financial statement reporting purposes with respect to the fiscal year in accordance with the Financial Accounting Standards Board's Accounting Standards Codification (FASB ASC) 718, Compensation-Stock Compensation.

- (4) Change in pension value. This is the change in present value of defined benefit and actuarial pension plans.
- (5) Above-market earnings on deferred compensation which is not tax-qualified.

Subcontractor agrees to revise any Overtime Justification Report promptly upon request by Buyer.
